

To Whom It May Concern

I have known **Abdullah Yousufzai** for the last 03 years. Mr. Yousufzai has been a bright student of ours at the department of Information Systems, Computer Science Faculty Kabul University, Kabul. As a student he was among the best of our students in all fields of academic and social pursuits. His academic accomplishment is clear from the grades he was taking in Bachelor Program. I have had the opportunity to observe his proven intellectual level, dedication and hard work in his scholastic track and interaction with his fellow classmates. I would rate his overall performance, Personal, Intellectual and Interpersonal qualities in my students as outstanding.

To the best of my knowledge, Mr. Abdullah Yousufzai has a dynamic personality. While communicating to other fellows, he has the abilities of good team working. He is young, energetic and has much ability, flexibility and patience to work under stress and strain for hours. It is worth mentioning that he was always well ahead of other classmates in leading the class and always came first while solving class activities, completing assignments and taking quizzes..

Mr. Abdullah Yousufzai intends to join your educational program. This would help him to develop into a very polished professional in the relevant field.

I am confident that he would perform competently with your academic program as he has excellent potential, if challenged, to contribute to his field of study.

Sincerely,

Asst. Prof. Hedayat Lodin
Computer Science Faculty, Kabul University
